## HOMEBOUND DELIVERY SERVICES

## Homebound Delivery Services

In an effort to fulfill the mission of Mohawk Community Library, staff members will provide delivery of library materials to patrons that are unable to travel to the physical location of the library due to illness, advanced age, disability or other reasons that would cause a lack of transportation. It is the hope of the library that this service will further increase access to library materials for community members.

The library intends to provide monthly delivery of library materials to library card holders that are residents of the Mohawk School District. This service is in place to assist patrons with short or long-term illnesses, physical challenges or disabilities or non-driver status.

The library materials delivered will be based on the response of patrons to the questions on the homebound delivery application form. It is important to note that not all materials can be reviewed in advance and neither the library, nor library staff can be held responsible for materials that patrons do not feel fit within their exact requests. Homebound deliveries will be contingent on availability of library staff.

For information about homebound delivery, patrons are encouraged to call the library at 419-927-2407.
